Why Rent Your Kitchen? / ¿Por Qué Rentar Su Cocina?

■■ ENGLISH

Your church already has a commercial kitchen — certified and sitting empty most of the week. Local food entrepreneurs in the RGV need licensed kitchen space to build their businesses and support their families.

By renting your kitchen during the week, your church earns extra income for ministry needs while directly helping local small businesses in your community grow.

■■ ESPAÑOL: Su iglesia ya tiene una cocina comercial — certificada y vacía la mayor parte de la semana. Los emprendedores de comida necesitan espacio con licencia para construir sus negocios y apoyar a sus familias. Al rentar su cocina entre semana, su iglesia genera ingresos extra mientras ayuda directamente a pequeños negocios locales.
