Why Rent Your Kitchen? / ¿Por Qué Rentar Su Cocina?

■■ ENGLISH

Your organization already has a commercial kitchen — certified and sitting empty most of the week. Local food entrepreneurs in the RGV need licensed kitchen space to grow their businesses and support their families.

By renting your kitchen during off hours, your organization earns extra revenue for post operations, events, and member programs — with zero impact on your regular meetings or activities.

■■ ESPAÑOL: Su organización ya tiene una cocina comercial — certificada y vacía la mayor parte de la semana. Los emprendedores locales necesitan espacio con licencia para crecer. Al rentar su cocina en horas libres, su organización genera ingresos extra para operaciones del post, eventos y programas — sin impacto en sus reuniones regulares.
