## Why Rent Your Kitchen? / ¿Por Qué Rentar Su Cocina?

### ■■ ENGLISH

Your event venue already has a commercial kitchen — certified, equipped, and sitting empty most of the week. Local food entrepreneurs in the RGV desperately need licensed kitchen space to grow their businesses.

By renting your kitchen during off-peak hours, you earn extra income without disrupting your events schedule. Many venues are bringing in an additional \$1,000–\$3,000/month from hours that would otherwise go unused.

■■ ESPAÑOL: Su salón ya tiene una cocina comercial — certificada, equipada y vacía la mayor parte de la semana. Los emprendedores de comida en el RGV necesitan espacio de cocina con licencia para crecer. Al rentar su cocina en horas libres, genera ingresos extra sin afectar su agenda de eventos.
